# Computer Information Systems: Emphasis in System Administration

*2011-12*

**Associate in Science Degree in Computer Information Systems: Emphasis in System Administration**

This Associate Degree provides preparation for immediate employment and career advancement in the areas of computer system administration and computer technical support. The degree will be awarded upon completion of both department and college requirements. Students who complete this program should demonstrate the following knowledge and skills:

- Design, select and implement essential software, hardware and networking.
- Install and administer desktop/client and server operating systems.
- Diagnose computer-related problems.

**Careers in Computer Information Systems: Emphasis in System Administration**

The Computer Information Systems: Emphasis in System Administration program of study prepares students to work as "Network and Computer System Administrators."

Note: This degree was first approved by the CCC Chancellor's Office in Fall 2010.
